

Athletic Participation Agreement

The Sayre Athletic Department plays an important role in delivering on the schools educational mission. We strive to offer competitive, challenging and inclusive education based athletic opportunities for all interested student athletes. Our ability to deliver on this mission hinges in part on forging an effective partnership between the Department of Athletics, student athletes and parents. As with any partnership, effective communication and clear expectations are critical to our success. Our goal and expectation is to establish and maintain an athletic culture and tradition we can all be proud of and one that provides the best opportunities for our student athletes.
